

EPA Corporate Membership

Join the leaders of the European
parking and mobility community

Become an EPA member now!

What we do

What we do

- Unite national parking associations (Full Members) and Corporate Members, to **promote smart parking management** and **sustainable urban mobility** across Europe
- Lead the **repositioning of parking** as a mobility service and as a mobility platform
- Monitor and engage with **relevant initiatives** at EU level
- Cooperate with **like-minded European organisations** such as NAPCORE, POLIS, EuroCities, MaaS Alliance, ERTICO – ITS Europe, AVERE
- Provide **mutual support, research and information** to help our members address new challenges and opportunities
- Foster collaboration and **share professional expertise** through working group activities and issue-related **strategic campaigns**
- Organise **dedicated networking events** to develop ties between all the different actors in the European parking and mobility sectors.

A faded background image of a panel discussion. Five people are seated on a stage in white armchairs. A woman on the left is speaking into a microphone. In the background, a large screen displays a presentation slide with text and graphics. The overall scene is dimly lit, focusing attention on the central text.

EPA's Activities

EPA's Activities

Our working groups

“

As an EPA member you can participate in our different work groups. By joining the Conference & Events Working Group you can help us define the style, content and of our biennial Conference and other events to make sure they are exciting, relevant and meet your needs.

Philip De Brabanter, MD Q-Park Belgium, Platinum Member, Chair of the Congress & Events WG

”

Digitalisation & Data WG

Chair: **Wilfried Thierry, Indigo Group**

- Increasing awareness of (current and future) EU legal obligations for parking data sharing
- Developing a European Regulated Parking Data Profile
- Developing practical tools to help members achieve legal compliance
- Promoting APDS as the industry standard for parking data
- Guidelines for the application of GDPR to parking
- Fostering AI applications in parking (e.g. Automated Valet Parking)

EVs & Fire Safety WG

Chair: **Peter Dingemans, VEXPAN**

- Developing the EPA Fire Safety advice Toolbox (with support from engineering consultancy ARUP)
- Providing expert input to the EU Commission Task Force (co-led by AVERE, the European Association for Electromobility)
- Exchanging information and best practice among EPA members

EPA's Activities

Our newest working groups

Conference Executive Committee

Chair: **Philip De Brabanter, Belgian Parking Federation & Q-Park**

- Has replaced the Conference & Events WG
- Preparing 21st European Parking Conference & Exhibition
- Coordinating practical aspects, outreach and marketing

Enforcement Working Group

Co-chairs: **Marco Siragusa, Verramobility, Thomas Kunisch, Demondo**

- Launched in September 2024 during Annual General Assembly
- Continues EPA regulatory & technical campaigns on the topics of Cross-Border Enforcement (CBE) of parking infringements and the European Parking Card (EPC) for persons with disabilities.

EPA's Activities

Our campaigns

Cross-Border Enforcement (CBE)

- Political campaign on new EU CBE Directive (published in March 2023) with Public Affairs consultancy Eurotran
- Look for additional EU-wide legal options / initiatives to ensure (digital) access to vehicle keeper/ holder data in support of free-flow parking (internal EPA report, June 2024)
- Collaborate with other stakeholders such as POLIS and EuroCities (incl. UVARs)

European Parking Card for people with disabilities (EPC)

- Contributed to EU Commission survey by EY and partners (February 2023)
- Worked with Eurotran to ensure that the legislation (published in September 2023) includes the concerns of EPA members
- Created "shadow expert group" to engage with Commission on technical aspects

Planned additional WGs (2024/2025)

- Environmental, Social, and Governance (ESG) WG
- Communications WG

Alliance for Parking Data Standards (APDS)

- Promote APDS as the global standard for parking data sharing, facilitate its uptake by all operators and suppliers
- Expand APDS applications with stakeholders such as EV Roaming Foundation (OCPI) and Cycle Industries Europe
- Assess opportunities of establishing a 'European Mobility Data Space' for parking

EPA Manifesto 2024-2029

- Work with the Policy & Strategy Committee to produce an EPA Manifesto following the June 2024 EU elections
- Use the Manifesto as introduction and positioning towards new EU policymakers after September 2024 (cf. Manifestos by other associations such as POLIS, EuroCities, ACEA etc.)

Quality assessment & recognition

Awarded by EPA via the national parking associations

The background of the slide is a photograph of five people standing in a modern office or gallery space. From left to right: a woman with blonde hair wearing a grey patterned sweater and white pants; a woman with dark hair wearing a black cardigan and black pants; a man with short dark hair wearing a white button-down shirt and white pants; a woman with dark hair and glasses wearing a white and black striped blazer and black pants; and a woman with curly brown hair wearing a blue patterned sweater and blue jeans. They are all smiling and looking towards the camera. The background shows large windows, a white table with a lamp, and some indoor plants.

Platinum

€ 25,000/year

Become a Platinum Member and take your influence to new heights. Enjoy unparalleled privileges, substantial discounts and editorial rights. Be part of the exclusive network of Platinum Members!

Bronze membership benefits

“

EPA offers an excellent opportunity to exchange with other European parking professionals, members, suppliers and users, and to contribute to the evolution of the parking business into a global mobility service.

Giovanna Piras – Automatic Systems, Bronze Member

”

What do you get?

- Acknowledgment on the EPA website with a logo display and showcase your commitment with a "Proud member of EPA" logo on your company website.
- Ability to join the EPA Working Groups and contribute to EPA strategic initiatives.
- Ability to join “Call for presentations” for the EPA Congress and other events, with 4th priority for selection.
- Voting rights in the EPA General Assembly.
- Eligibility to stand for a seat on the EPA Board.

Why should you choose Bronze?

- Be part of the largest parking community in Europe.
- Engage in EPA initiatives and network with industry leaders and professionals.

Silver membership benefits

What do you get?

All the benefits of Bronze membership PLUS:

- Acknowledgment as "Silver member" on the EPA website with a logo display and showcase your commitment with a "Proud member of EPA" logo on your company website.
- 10% discount on sponsorships and paid services, like events, congresses, certifications, market studies etc.
- Ability to join "Call for presentations" for the EPA Congress and other events, **with 3rd priority for selection.**

Why should you choose Silver?

- Be part of the largest parking community in Europe.
- Engage in EPA initiatives and network with industry leaders and professionals.
- Gain greater visibility for your company through Silver status acknowledgment.
- Strengthen your brand association with EPA.
- Enjoy cost savings on EPA sponsorships and additional paid services.

Gold membership benefits

What do you get?

All the benefits of Silver membership PLUS:

- Acknowledgment as a "Gold member" on the EPA website with a logo display and showcase your commitment with a "Proud member of EPA" logo on your company website.
- 20% discount on sponsorships and paid services, like events, congresses, certifications, market studies etc.
- Right to regularly contribute to EPA articles in PTI and EPA newsletter, subject to topics chosen by the Editorial Board.
- Ability to join "Call for presentations" for the EPA Congress and other events, with **2nd priority for selection**.

Why should you choose Gold?

- Establish your authority through Gold status acknowledgment.
- Enjoy significant cost savings on EPA sponsorships and additional paid services.
- Be at the forefront of innovation in the parking industry by leveraging market studies, reports, and more.
- Showcase expertise through contribution to EPA lead articles.
- Network with industry influencers and decision-makers.

Platinum membership benefits

What do you get?

All the benefits of Gold membership PLUS:

- Acknowledgment as “Platinum member” on the EPA website.
- 30% discount on sponsorships and paid services, like events, congresses, certifications, market studies etc.
- Ability to join “Call for presentations” for the EPA Congress and other events, with 1st priority for selection.

“

Vexpa is a member of EPA as it allows us to maintain and develop our network with counterparts in Europe and share relevant mutual experiences and knowledge on specific parking topics, and national and European laws and regulations. The way in which this membership is organised through active working groups and EPA events is a valuable and extremely pleasant way for us to work together.

Peter Dingemans
Vice President, VEXPAN

Situation as of 22/08/2025

EPA's 2025 Conference

This flagship event tackles the perspectives and challenges of stationary vehicles and limited urban space in connection with the traffic development in Europe.

In the two-day [conference](#) program, renowned experts from science, politics and the industry deliver presentations about the latest developments in all matters related to parking.

The presentation of the prestigious [EPA Awards](#) and many networking opportunities further add to success of this event.

Brussels, 17th-18th September 2025
