EPA Corporate Membership

Join the leaders of the European parking and mobility community.

Become an EPA member now!

What we do

What we do

- Unite national parking associations (Full Members) and Corporate Members to **promote smart parking management** and **sustainable urban mobility** across Europe
- Lead the **repositioning of parking** as a mobility service and as a mobility platform
- Monitor and engage with **relevant initiatives** at EU level
- Cooperate with **like-minded European organisations** such as POLIS, Eurocities, Mobility Alliance, NAPCORE, ERTICO – ITS Europe, E-Mobility Europe, UITP, ESPORG, ACEA,…
- Provide **mutual support, research and information** to help our members address new challenges and opportunities
- Foster collaboration and **share professional expertise** through working group activities and issue-related **strategic campaigns**
- Organise **dedicated networking events** to develop ties between all the different actors in the European parking and mobility sectors.

EPA's Activities

EPA's Activities

Our working groups (part 1)

> As an EPA member you can participate in our different work groups. you can help us define the style and content of our biennial conference and other EPA events to make sure they are exciting, relevant and meet your needs.
>
> **Philip De Brabanter, MD Q-Park Belgium, EPA Board Member, Chair of the Conference Executive Committee**

Digitalisation & Data WG

Co-chairs: **Wilfried Thierry,** Indigo Group **& Nigel Williams,** Parking Matters Ltd.

- Increases awareness among EPA members of the strategic importance of parking data and data sharing, including the role of National Access Points (NAPs) at European and national level
- Develops a European Regulated Parking Data Profile and guidelines for the application of GDPR to parking
- Develops practical tools to help members achieve legal compliance
- Promotes APDS as the industry standard for parking data incl. in connected sectors (EV charging, secure cycle parking, Automated Valet Parking) with the relevant stakeholders (EVRF, CIE, EAVP, 5GAA,...), etc.
- Fosters AI applications in parking (e.g. Automated Parking)
- Liaises with the EU-funded NAPCORE project on parking data sharing

Electromobility WG

Chair: **Peter Dingemans,** VEXPAN

- Develops and updates the EPA Fire Safety Advice Toolbox (with support from engineering consultancy ARUP)
- Provides expert input to the EU Commission Sustainable Transport Forum (STF) expert group
- Exchanges information and best practice among EPA members on all electromobility related issues
- Addresses parking-related electromobility challenges, including the deployment of charging infrastructure (cf. EU-level targets as per the Energy Performance of Buildings Directive, EPBD, Art. 14), grid capacity constraints, evolving business models, and the regulatory implications of EU legislation (incl. AFIR)

EPA's Activities

Our working groups (part 2)

Enforcement Working Group

Co-chairs: **Marco Siragusa, Verra Mobility & Morten Hother Sorensen, Arrive**

- Launched in September 2024 during the Annual General Assembly
- Continues EPA regulatory & technical campaigns on the topics of Cross-Border Enforcement (CBE) of parking infringements and the European Parking Card (EPC) for persons with disabilities

Communications Working Group

Chair: Manuel Barrios, ASESGA & Lawrence Crew, APCOA

- Launched in December 2025
- Develops EPA communications strategy for implementation in 2026-2027, supports monthly newsletter, quarterly PTI magazine, etc.

European Women in Parking (EWiP)

Co-chairs: **Yasmin Jefferies, BPA & Klara Svejdova, SKIDATA**

- Aims to empower and connect women in the parking and mobility industry through mentorship, networking, and leadership development
- Promotes gender equity and inclusion across the sector
- Provides learning opportunities through webinars and events
- Celebrates women's achievements and supports talent attraction, retention, and career progression

EPA's Activities

Our Regulatory & Technical Campaigns

Cross-Border Enforcement (CBE) of parking infringements

- Regulatory campaign on the review of the EU CBE Directive (March 2023) with EU Affairs advisers Eurotran
- Assess additional EU-wide legal options / initiatives to ensure (digital) access to vehicle keeper/ holder data in support of free-flow parking
- Collaborate with other stakeholders such as POLIS and Eurocities

European Parking Card for persons with disabilities (EPC)

- Contributed to the EU Commission survey upon invitation by EY and partners (February 2023)
- Worked with Eurotran to ensure that the proposed legislation (September 2023) includes the concerns of EPA members
- Created "shadow expert group" to engage with EC on technical aspects
- Responded to EC consultation on (digital) security features of the physical card (April 2026)

Alliance for Parking Data Standards (APDS)

- Promote APDS as the global industry standard for parking data sharing, facilitating its uptake by all operators and suppliers
- Expand APDS applications with stakeholders such as EV Roaming Foundation (OCPI) and European Cycling Industries
- Assess opportunities for establishing a 'European Mobility Data Space' (EMDS) for parking

EPA Manifesto 2025-2030

- Produced an EPA Manifesto following the June 2024 EU elections, in consultation with EPA's membership, Board and Policy & Strategy Committee
- Established a forward-looking political "wish list" that sets out our vision for the sector over this five-year period
- Included 5 Policy Priorities to support clean, safe, resilient and intelligently managed urban mobility across Europe

EPA Events

22nd European Parking and Mobility Conference & Exhibition

UNLOCKING URBAN SPACE

Where Policy, Infrastructure and Technology Meet

- Biennial flagship event:
  European Parking Conference & Exhibition
  (**NEW DATE: September 21-23, 2027, Brussels**)

> VEXPAN is a member of EPA as it allows us to maintain and develop our network with counterparts in Europe and share relevant mutual experiences and knowledge on specific parking topics, including national and European laws and regulations. The way in which EPA's membership is organised through active working groups and events is a valuable and extremely pleasant way for us to work together.

Peter Dingemans
Vice President, VEXPAN (Netherlands)

EPA Corporate Membership Categories

Bronze

€ 2,500/year

Become a **Bronze Member** and unlock the gateway to become part of Europe's thriving parking community!

Silver

€ 5,000/year

Become a **Silver Member** to elevate your presence and impact in the parking sector. Enjoy enhanced recognition and discounts!

Gold

€ 10,000/year

Become a **Gold Member** to position your company as a leader of the parking industry. Enjoy increased visibility, discounts and editorial contributions!

Platinum

€ 25,000/year

Become a **Platinum Member** and take your influence to new heights. Enjoy unparalleled access, substantial discounts and editorial rights. Be part of the exclusive network of Platinum Members!

Bronze Membership Benefits

> EPA offers an excellent opportunity to exchange with other European parking professionals, members, suppliers and users, and to contribute to the evolution of the parking business into a global mobility service.
>
> **Giovanna Piras** – Automatic Systems, Bronze Member

What do you get?

- Acknowledgment on the EPA website with your logo displayed and showcase your commitment with a "Proud member of EPA" (Bronze) logo on your company website.
- Ability to join the EPA Working Groups and contribute to EPA strategic initiatives.
- Ability to join “Call for presentations” for the EPA Conference and other events, with 4th priority for selection.
- Voting rights in the EPA General Assembly.
- Eligibility to stand for a seat on the EPA Board.

Why should you choose Bronze?

- Become part of the largest parking community in Europe.
- Engage in EPA initiatives and network with industry leaders and professionals.

Silver Membership Benefits

What do you get?

All the benefits of Bronze membership PLUS:

- Acknowledgment as "Silver member" on the EPA website with your logo displayed and showcase your commitment with a "Proud member of EPA" (Silver) logo on your company website.
- 10% discount on sponsorships and paid services, like events, congresses, certifications, market studies etc.
- Ability to join “Call for presentations” for the EPA Conference and other events, with 3rd priority for selection**.**

Why should you choose Silver?

- Gain greater visibility for your company through Silver status acknowledgment.
- Strengthen your brand association with EPA.
- Enjoy cost savings on EPA sponsorships and additional paid services.

Gold Membership Benefits

“As a Tier 1 supplier, Valeo is fully committed to enhancing mobility offerings for our customers. During our first year, we recognized the significant role of EPA as a forum; therefore, our membership upgrade reflects our commitment to contributing further to this community.”
Manu Bhargava – Valeo, Gold member (*upgraded from Bronze in 2026*)”

What do you get?

All the benefits of Silver membership PLUS:

- Acknowledgment as a "Gold member" on the EPA website with your logo displayed and showcase your commitment with a "Proud member of EPA" (Gold) logo on your company website.
- 20% discount on sponsorships and paid services, like events, congresses, certifications, market studies etc.
- Right to regularly contribute to EPA articles in PTI and EPA newsletters, subject to topics chosen by the Editorial Board.
- Ability to join “Call for presentations” for the EPA Conference and other events, with 2nd priority for selection.

Why should you choose Gold?

- Establish your authority through Gold status acknowledgment.
- Enjoy significant cost savings on EPA sponsorships and additional paid services.
- Be at the forefront of innovation in the parking industry by leveraging market studies, reports, and more.
- Showcase expertise through contribution to EPA lead articles.
- Network with industry influencers and decision-makers.

Platinum Membership Benefits

What do you get?

All the benefits of Gold membership PLUS:

- Acknowledgment as “Platinum member" on the EPA website.
- 30% discount on sponsorships and paid services, like events, congresses, certifications, market studies etc.
- Ability to join “Call for presentations” for the EPA Conference and other events, with 1st priority for selection.
